

Inspection and Evaluation Study Report of BADP- Major Recommendations of NABCON

SN	Major Recommendations
1	Priority should be given to agriculture, health and social sectors
2	Priority be given to villages located closer International Border
3	Regular monitoring is required by the district monitoring committee and the project should be handed over to user agency
4	Provision should be made for repair and maintenance of projects
5	Proper boards indicating the scope and other relevant details should be installed at suitable location.
6	To check the quality of the projects, technical staff like JEs found to be inadequate.
7	While sanctioning a project, it would be appropriate to have pre assessment of cost and approved design of the project/structure.
8	Funds should be given to the panchayats/executing agencies through online.
9	As per guidelines of BADP, MIS recommended
10	Delay is caused due to non availability of land.
