## Border Area Development Programme (BADP): Revised Guidelines (February, 2014)

### 1. Objective:

The main objective of the BADP is to meet the special developmental needs of the people living in remote and inaccessible areas situated near the international border and to saturate the border areas with the entire essential infrastructure through convergence of Central/State/ BADP/Local schemes and participatory approach.

### 2. <u>Coverage:</u>

- 2.1 The BADP will continue to be a 100% centrally funded programme. The BADP would cover 362 border blocks, which are located along the international border and come under 96 border districts of 17 States viz Arunachal Pradesh, Assam, Bihar, Gujarat, Himachal Pradesh, Jammu & Kashmir, Manipur, Meghalaya, Mizoram, Nagaland, Punjab, Rajasthan, Sikkim, Tripura, Uttar Pradesh, Uttarakhand and West Bengal. Funds will be allocated to the States on the basis of (i) length of international border (ii) population of border blocks and (iii) area of border blocks with these criteria having equal weightage. Besides, 15% weightage will be given to hilly, desert and Rann of Kutchh areas on account of difficult terrain, scarcity of resources, higher cost of construction etc.
- 2.2 The border block will be the spatial unit within which the State Government shall arrange to utilize the BADP funds only in those villages of the blocks, which are located 'within 0-10 km' from the international border. Those villages, which are located nearer to the international border will get first priority. After saturating these villages with basic infrastructure, the next set of villages located within 0-15 km and 0-20 km need to be taken up. If the first village in a block is located at a far away location from the international border, the first village/hamlet in the block may be taken as "0" km distance village for drawing the priority list.
- 2.3 District Administration, first of all, will find out the resources and do the spatial mapping of the border block(s) covered under the BADP by taking into account the following and prepare block-wise plan accordingly:

- (i) The BADP funds will be utilized for undertaking developmental scheme in villages close to the 'Zero' line on the border on first priority.
- (ii) Border Guarding Forces shall draw a list of strategically prioritized villages in their respective areas and forward the same to the District Authorities, State Government and Ministry of Home Affairs. The Strategically border villages, as drawn by BGFs and endorsed by MHA, would be saturated first with respect to developmental activities such as road connectivity, electricity, drinking water supply, sanitation, health, agriculture & allied sectors, etc.
- (iii) After saturating the strategically prioritized villages other village will be taken up for development.

### 3. Guiding principles:
