

GOVERNMENT OF PUNJAB

PUBLICATION NO.919

REPORT
ON
FIFTH ECONOMIC CENSUS
2005

ECONOMIC ADVISER TO GOVERNMENT PUNJAB
CHANDIGARH

PREFACE

The Central Government had conducted Fifth Economic Census in the year 2005. Complete responsibility of conducting Economic Census for Punjab State was allotted to Economic & Statistical Organisation (ESO), Punjab. Economic & Statistical Organisation, Punjab executed operations throughout the State in collaboration with Deputy Commissioners.

The Economic Census is the official count of entrepreneurial units located in the geographical boundaries of the State and involved in all the economic activities of agricultural (excluding crop production and plantation) and non-agricultural sectors of the economy. All the entrepreneurial units engaged in production or distribution of goods and services except for the sole purpose of own consumption was covered in the Census. For the first time, data collected in the Fifth Economic Census have been processed through Intelligent Character Recognition (ICR) Technology.

Economic Census not only provides updated frame for detailed follow-up surveys but also gives basic entrepreneurial data for planning and development especially for unorganized sector of the economy. In the Fifth Economic Census, information was collected through three schedules viz. 1) House list Schedule 2) Establishment Schedule and 3) Address slip. Address slip was introduced for the first time in which addresses of the establishments employing 10 or more workers have been collected to prepare a Business Register for further follow-up surveys.

I would like to place on record the valuable guidance given by Central Statistical Organization, Ministry of Statistics & Programme Implementation, GOI. for successful implementation of the 5th Economic Census in Punjab.

I am extremely thankful to the Chief Secretary, Govt. of Punjab and the Deputy Commissioners without whose support the conduct of Economic Census work would not have been possible.

I am also thankful to all Deputy Economic & Statistical Advisers at the District level for doing their best despite limitations.

I also place on record the valuable services rendered by Sh.M.L. Sharma Joint Director, ESO and his team of officers/staff who worked under the supervision of Mrs. Urmiljit Khosa, Director ESO and under the overall guidance of Sh. Tejveer Singh Economic Adviser to Government, Punjab.

Chandigarh
Dated December, 2008.

(Satish Chandra)
Secretary to Government of Punjab
Department of Planning

ACRONYMS

- EC : Economic Census
- Estt. : Establishment
- DE : Directory Establishment
- NDE : Non-Directory Establishment
- OAE : Own-Account Establishment
- NPI : Non-Profit Institution
- SC : Scheduled Caste
- ST : Scheduled Tribe
- OBC : Other Backward Classes
- Govt. : Government
- Establishments : Establishments with at least one hired worker

HIGHLIGHTS OF THE 5TH ECONOMIC CENSUS

- 27.02 lakh persons are employed in 10.72 lakh establishments engaged in different economic activities other than Crop Production and Plantation in the State.
- Out of 10.72 lakh establishments located in the State, 6.41 lakh (59.79%) are Own account establishments and 4.31 lakh (40.21%) are establishments with hired worker.
- Of the total establishments, 4.99 lakh (46.59%) establishments are located in rural areas and 5.72 lakh (53.41%) are in urban areas.
- Out of the total establishments in the State, 0.62 lakh establishments (5.78%) are involved in agricultural activities and 10.10 lakh (94.22%) are engaged in non-agricultural activities in the State.
- 7.46 lakh persons (27.61 %) are employed in Own Account establishments and 19.56 lakh persons (72.39%) are employed in establishments with hired worker.
- 10.68 lakh persons (39.54%) are employed in rural areas and 16.34 lakh persons (60.46%) are employed in urban areas.
- 1.34 lakh persons (4.96%) are employed in agricultural establishments and 25.68 lakh persons (95.04%) are employed in non-agricultural establishments.
- 16.30 lakh persons are employed as hired workers, out of which 5.76 lakh are working in rural areas and 10.54 lakh are working in urban areas.
- 0.39 lakh (2.39%) hired workers are employed in agricultural establishments and 15.91 lakh (97.61%) are employed in non-agricultural establishments.
- Out of 0.61 lakh agricultural establishments, 0.55 lakh (89.42%) establishments are located in rural areas and 0.06 lakh (10.58%) are in urban areas.
- The major activity group in non-agricultural establishments is Retail Trade with 42.44% followed by Manufacturing with 19.02% and Other Community Personal services with 9.98%.
- The percentage of establishments in Education sector is 3.50%, which occupies 7th rank in the major activity group among non-agricultural establishments group.

- **Out of 25.68 lakh persons employed in Non-agricultural establishments, the concentration of persons working is more in Manufacturing followed by Retail Trade sector with 7.61 lakh and 6.48 lakh respectively.**
- **Out of total establishments 3.65 lakh establishments are owned by SC, ST and OBC persons in the State. The number of establishments owned by S.C persons are 1.65 lakh (15.42%), S.T persons 0.07 lakh (68%) and OBC 1.93 lakh (18.04%).**
- **The number of establishments in the size class of 1-5 employment accounted for 94.94% of the total establishments. A similar trend has also been observed in both rural and urban sectors under the same size class of 1-5 employment.**
- **The percentage of female workers in agricultural establishments both in rural and urban areas is 23.09% to the total workers during 5th Economic Census while it was 10.88% during 4th Economics Census.**
- **The number of male and female child labour has drastically declined by 30.42% during 5th Economic Census 2005 over 4th Economic Census 1998.**
- **The number of establishments and the number of persons usually working are more in urban areas than rural but in agricultural sector number of establishments and the number of persons usually working are more in rural area than urban areas**

CHAPTER 1

INTRODUCTION

GENESIS

The Central Statistical Organisation (CSO), since its inception, has been instrumental in creation of database for various sectors of the economy and its periodic updation so as to meet the requirements of the planners for sound and systematic planning both at the macro as well as micro level. While data requirements may be enormous in various sectors, the judicious collection and maintenance of data for various sectors within the available resource is a challenge. Our economy can broadly be classified into two sectors namely Agricultural and Non-Agricultural sectors. Fairly reasonable database exists for Agriculture Sector where as such database for Non-Agricultural sector is much to be desired. Keeping in mind the importance of the non-agriculture sector in the economy and the non-availability of basic frame for adoption in various sampling techniques for collection of data and estimation of various parameters, Economic Census was felt necessary. The Economic Census is an attempt of the CSO for preparing frame of establishments which would be used for various censuses as well as surveys for collection of detailed data particularly on non-agriculture sector of the economy.

1.2 ECONOMIC CENSUS

The first co-ordinated approach was made by the Central Statistical Organisation (CSO), Government of India, by launching a plan scheme 'Economic Census and Surveys' in 1976. The scheme envisaged organizing countrywide census of all economic activities (excluding those engaged in crop production and plantation) followed by detailed sample surveys of unorganized segments of different sectors of non-agricultural economy in a phased manner during the intervening period of two successive economic censuses.

The basic purpose of conducting the economic census was to prepare a frame for follow up surveys intended to collect more detailed sector specific information between two economic censuses. In view of the rapid changes that occur in the unorganized sectors of non-agricultural economy due to high mobility or morbidity of smaller units and also on account of births of new units, the scheme envisaged conducting the economic census periodically in order to update the frame from time to time.

Economic Census (EC) is the complete count of all entrepreneurial units located within the geographical boundaries of the country. The main aim of the Economic Census is

to provide information on distribution of establishments and their entrepreneurial activities like location of Establishment, description of activity of the establishment, nature of operations, type of ownership, power/fuel used, number of persons usually employed etc.

1.2.1 FIRST ECONOMIC CENSUS(EC- 1977)

The First Economic Census was conducted through-out the country, except Lakshadweep, during 1977 in collaboration with the Directorate of Economics & Statistics (DES) in the States/Union Territories (UT). The coverage was restricted to only non-agricultural activities employing at least one hired worker on a fairly regular basis. Data on items such as description of activity, number of persons usually working, type of ownership, etc. were collected.

The Economic Census, 1977 adopted a dual approach viz. I) House Listing approach for the urban areas and for villages with a population of more than 5,000 as per Population Census, 1971 in rural areas and ii) Village level enquiry for the remaining villages in the rural areas where the population is less than 5000.

The Census was followed by detailed sample surveys during 1978-79 and 1979-80 covering the establishments engaged in Manufacturing, Trade, Hotels and Restaurants, Transport, Storage and Warehousing and Services. Through these surveys, detailed information on employment, emoluments, capital structure, input, output etc., was collected.

1.2.2 SECOND ECONOMIC CENSUS (EC – 1980)

The second Economic Census was conducted in 1980 along with the house-listing operations of 1981 Population Census. This was done with a view to economizing resources, manpower, time and money. The scope and coverage were enlarged. This time all establishments engaged in economic activities –both agricultural and non-agricultural whether employing any hired worker or not-were covered, except those engaged in crop production and plantation. All States/UTs were covered with the sole exception of Assam, where Population Census, 1981 was not conducted.

The information on location of establishment, description of economic activity carried out, nature of operation, type of ownership, social group of owner, use of power/fuel, total number of workers usually engaged with its hired component and break-up of male and female workers were collected. The items, on which information were collected in Second Economic Census, were more or less the same as those collected in the First Economic Census. However, based on experience gained in the First Economic Census certain items

viz. years of operation, value of annual output/turnover/receipt, mixed activity or not , registered/licensed/recognized and act or authority, if registered were dropped.

1.2.3 THIRD ECONOMIC CENSUS (EC – 1990)

The Third Economic Census was synchronized with the house listing operations of the Population Census 1991 on the same pattern as EC-1980. The coverage was similar to that of EC-1980. All States/UTs except Jammu & Kashmir, where Population Census 1991 was not undertaken, were covered.

The items of information collected in the third Economic Census included (a) Location of Establishment, (b) Nature of operation, (c) Type of Ownership, (d) Social group of Ownership (e) Power/fuel used for the economic activity (f) Number of persons usually working and (g) engage of hired persons etc.

1.2.4 FOURTH ECONOMIC CENSUS (EC– 1998)

With a view to meeting the demand of various user departments for the data on unorganized sectors of the economy and considering the nature of large number of small units which are subjected to high rates of mobility and mortality, it was felt that the economic census must be brought back to quinquennial nature so that an up-to date frame can be made available once in five years for conducting the follow up surveys. Fourth economic census was planned during 1996. But due to various reasons the scheme could be launched only in 1998.

The overall responsibility for organization and conduct of the economic census rested with the CSO. The DESs of States/UTs were made responsible for conducting the field work and preparing the report for their respective States/UTs.

1.3 FIFTH ECONOMIC CENSUS (EC– 2005)

The Fifth Economic Census was conducted in 2005. Quinquennial nature of the census could not be given effect to.

The overall responsibility for Organisation and conduct of Economic Census rested with the CSO. The DESs of respective States and UTs were made responsible for conducting the field work and preparing the report concerning to their States.

1.3.1 SCOPE AND COVERAGE

The fifth Economic Census was conducted in all the States/UTs. All Economic activities (agricultural and non-agricultural), except those involved in crop production and plantation, related to production and /or distribution of goods and/ or services other than for the sole purpose of own consumption were covered.

However as were done in earlier censuses the following activities were kept out of the purview of the Fifth Economic Census.

- i) Establishments of shelter-less and nomadic population, which keep on moving from place to place and camp either without shelter or with makeshift shelter.
- ii) Establishments engaged in some activities like smuggling, gambling, beggary, prostitution etc.
- iii) Domestic servants, whether they work in one household or in a number of households, drivers, etc. who undertake jobs for others on wages.
- iv) All wage –paid employees of casual nature.
- v) Household members engaged in household chores.
- vi) Persons doing different types of jobs depending on the availability of work e.g. loading, unloading, helping a mason or a carpenter, doing earthwork for a contractor.
- vii) Household members working for other households and earning some money which is insignificant.
- viii) Households in which none of the members is engaged in any gainful activity i.e. households depending on remittance, rent, interest, pension etc.
- ix) Owners of tube-wells, tractors, bullock carts, etc. who utilize their spare capacity to earn extra money, if the spare capacity utilization is occasional and not on regular basis.

1.3.2 NODAL AGENCY

In Punjab, Economic & Statistical Organisation in the Department of Planning acted as a Nodal Agency for execution of instructions issued by CSO from time to time. A State Level Committee headed by Chief Secretary Punjab with all Deputy Commissioners as its members provided required guidance and support. In this gigantic task, about 16,000 officials from various departments of state were actively involved, who were provided necessary material and training by ESO.

1.3.3 STATE LEVEL AND DISTRICT LEVEL CO-ORDINATION COMMITTEES

As per the guidelines of Government of India, Government of Punjab issued Notification vide No. E.S.O.Pb (Eco.Cen.)2005/602 dated 14/1/2005 constituting State Level Steering Committee with Chief Secretary as Chairman, Secretary Planning as Census Commissioner and Economic Adviser as Member Secretary and Additional Census Commissioner for monitoring and co-ordinating the census work at state level. Similarly, the

District Level Monitoring Committee was also constituted in each district headed by Deputy Commissioner who acted as Deputy Census Commissioner. Deputy Economic and Statistical Advisor in each District were appointed as Assistant Census Commissioner.

1.3.4 NEW INITIATIVES

Separate “Address Slip” of the establishments employing 10 workers or more were canvassed for compilation of a Directory of larger establishments.

ICR technology was used for the first time to process the data.

1.3.5 ECONOMIC CENSUS CELL

An Economic Census unit was created in the office of Economic & Statistical Organisation with following staff pattern:

SN	Name of the Post	Number of Posts
1	Deputy Economic & Statistical Adviser	1
2	Research Officer	1
3	Assistant Research Officer	1
4	Statistical Assistant	2
5	Investigator	2
6	Steno-typist	1
7	LDC/Typist	1

In addition to the above staff, as directed by Government of India, Deputy Economic & Statistical Advisers and Research Officers working in the Directorate were nominated as Regional Officers allotting Districts among them to monitor, review and coordinate the training and the field work for smooth completion of the Census in the State.

1.3.6 FIELD WORK

As per the decision taken in the first meeting of the State Level steering Committee chaired by the Chief Secretary on 21/1/2005, the field work of 5th Economic census was taken up in the state in May, 2005.

Deputy Commissioners who were the Deputy Census Commissioners had appointed Block Development and Panchayat Officers, Executive Officers of MCs, Teshildars etc. as Charge Officers. A total number of 321 Charge Officers 4445 Supervisors and 11019 Enumerators were appointed for the field work. Majority of the enumerators were Teachers.

Each enumerator visited the census village or UFS Block in Rural/Urban areas as the case may be. Each enumerator was allotted 3 Enumeration Blocks. Each Enumeration/UFS Block broadly covered about 200 households in rural areas and about 150 household in urban areas. Each supervisor was allotted 6 Enumeration Blocks.

1.3.7 HONORARIUM

Staff on Economic Census duty was paid honorarium by Govt. of India. Enumerators were paid@ Rs.375/-per enumeration unit, Supervisors @Rs.575/-per supervisory unit and Charge officers@Rs.700/-per charge.

1.3.8 PRINTING OF BLANK SCHEDULES AND INSTRUCTION BOOKLETS

The job of printing of Blank Schedules and Instruction Booklets was allotted to private press by calling tenders through leading newspapers. Blank Schedules and Instruction Booklets were printed both in Punjabi and English as below:

SN	Name of Schedule	Number of copies printed	
		Punjabi	English
1	House List – 51	222,000	2000
2	House List -52	170,000	2000
3	Establishment List – 53	94,000	2000
4	Establishment List – 54	99,000	2000
5	Establishment List Abstract – 55	63,000	2000
6	Establishment List Abstract – 56	56,000	2000
7	Address Slip – 57	-	95000
8	Instruction Book Lets	24000	1000

1.3.9 TRAINING

A State level training programme was conducted on 3rd March, 2005 for all the Deputy Economic and Statistical Advisors working in the Districts and other District level officers working under them and other officers working at Headquarters in the Directorate of Economic and Statistics. Deputy Economic and Statistical Advisors in turn, with the close co-operation of Regional Officers of Directorate, conducted District level trainings for all the Charge Officers at District level and the Charge officers with the assistance of District

Statistical Officers/Research Officers imparted training to all the Enumerators and Supervisors at Block level and Municipal level during April, 2005.

1.3.10 CANVASSING OF SCHEDULES

Each Enumerator has canvassed House List and Establishment List Schedules by visiting each and every household and obtained the information. Information so obtained through Establishment List Schedule has been tabulated into Establishment List Abstract. For the first time, certain information on Address of the Establishment, Phone/Fax No. etc. has also been collected through Address Slip for the establishments having 10 or more workers (including hired and non-hired)

1.3.11 SCANNING AND PROCESSING

Scanning and processing of Census data of Punjab was undertaken in the RGI Center located at Chandigarh.

Intelligent Character Recognition (ICR) technology, which is also known as Automated Forms Processing, was used for the first time to process the EC-2005 data. Automated Forms Processing technology enables the user to process documents from their images or directly from paper and convert them to computer readable data. Automated forms are forms designed to be scanned to a digital format so that the data on the form can be “extracted” by software rather than keyed by data entry personnel. While Forms Processing packages will give recognition capabilities, they also manage the complete life cycle of the document from scanning to extract and even include image Archive and Retrieval.

1.3.12 PROVISIONAL RESULTS

Deputy Economic and Statistical Advisors had furnished the District Level Quick Manual Tabulation Reports to the Directorate of Economics and Statistics immediately after completion of the field work. The Directorate in turn consolidated the Quick Results for the State as a whole and submitted the same to the Government of India

1.3.13 CONCEPTS & DEFINITIONS

Concepts and Definitions of the important terms used in the Fifth Economic Census are at Annexure VI.

CHAPTER II

RESULTS AT A GLANCE

Entrepreneurial activity is an indicator for the growth and level of advancement in an economy. Some of the important statistics regarding this indicator for which data had been collected through Fifth Economic Census 2005 are discussed in this chapter. As per Economic Census 2005, there were 10.72 lakh establishments in Punjab engaged in different economic activities other than crop production and plantation with 27.02 lakh persons working in them. Out of total establishments, 0.61 lakh establishments constituting 5.73 percent were engaged in agricultural activities whereas the rest 10.10 lakh establishments constituting 94.27 percent were engaged in non-agricultural activities.

ESTABLISHMENTS

2.1.1 As per the results of the Economic Census 2005, there are 10.72 lakh establishments in the State engaged in different economic activities other than crop production and plantation. Out of which 4.99 lakh establishments (46.59%) are in the rural areas and 5.73 lakh establishments (53.41%) in the urban areas. Four districts viz Ludhiana(14.83%), Amritsar (12.59%), Jalandhar (10.26%)and Patiala (9.61%) together account for about 47.30% of the total, establishments in the country. Around 59.79% of the establishments (6.41 lakh, 3.35 lakh in rural area and 3.06 lakh in urban area) were own account establishments i.e. establishments without any hired worker The remaining i.e., establishments with hired workers constituted about 40.21% (4.31 lakh, 1.64 lakh in rural area and 2.67 lakh in urban area).

2.1.2 Among these establishments, 10.10 lakh (94.27%) were engaged in non-agricultural activities while the rest 0.62 lakh (5.73%) were engaged in agricultural activities other than crop production and plantation. About 93.65% of the total own account establishments (6.00 lakh) were found engaged in non-agricultural activities whereas only around 6.35% (0.41 lakh) were engaged in agricultural activities. As far as establishments with hired worker are concerned, 95.19% of them (4.10 lakh) were engaged in non-agricultural activities.

2.1.3 In rural areas, out of the total 4.99 lakh establishments 0.55 lakh establishments, constituting around 11.01% were found engaged in agricultural activities and the rest 4.44 lakh, forming around 88.99% were in non-agricultural activities. Around 89.42% of the total establishments engaged in agricultural activities were in the rural areas. 3.35 lakh (67.13%) establishments in the rural areas were own account establishments and the remaining 1.64

lakh (32.87%) were establishments with hired workers. Most of the agricultural establishments (0.38 lakh) in rural areas were own account establishments. 43.98% of the establishments engaged in non-agricultural activities were located in rural areas of which own account establishments constituted 66.89 % (2.97 lakh).

2.1.4 In urban areas , out of total of 5.73 lakh establishments, 5.66 lakh establishments, constituting 98.86%, were found engaged in non-agricultural activities and only 0.06 lakh establishments (1.14%) pursued agricultural activities. 3.06 lakh (53.40%) were the own account establishments and the remaining 2.67 lakh(46.60%) were establishments with hired worker. Among the agricultural establishments in the urban area, 3046(46.88%) were in the category of own account establishments and the rest 3452 (53.12%) were establishments with hired worker. Among the non-agricultural establishments 3.03 lakh (53.51%) were own account establishments and 2.63 lakh (46.49%) were establishments with hired worker.

2.1.5 Around 65% of the total establishments were reported to be not using power/fuel for their economic activities. Around 97.39% of the total establishments, constituting 10.44 lakh had perennial activities. About 10.23 lakh establishments constituting 95.42% of the total establishments, operated under private ownership. The number of establishments working without premises was of the order of 1.14 lakh (10.64%). The location-wise details of the number and type of establishments with few selected characteristics are presented in Table No.2.1

Table 2.1 : Distribution of Establishments by location & by type-PUNJAB						
(Figures in absolute number)						
Sl. No.	Type of establishments	Rural		Urban		Combined
		Number	%	Number	%	
1	2	3	4	5	6	7
	Establishments					
1	Agricultural	54947 (11.01)	89.42	6498 (1.14)	10.58	61445 (5.73)
	Non-Agricultural	444304 (88.99)	43.98	565917 (98.86)	56.02	1010221 (94.27)
	Total	499251 (100.00)	46.59	572415 (100.00)	53.41	1071666 (100.00)
2	Own Account Establishment					
	Agricultural	37659 (11.25)	92.52	3046 (1.00)	7.48	40705 (6.35)
	Non-Agricultural	297215 (88.75)	49.53	302804 (99.00)	50.47	600019 (93.65)
	Total	334874	52.26	305850	47.74	640724

3	Establishment with hired workers					
	Agricultural	17288 (10.52)	83.36	3452 (1.29)	16.64	20740 (4.81)
	Non-Agricultural	147089 (89.48)	35.86	263113 (98.71)	64.14	410202 (95.19)
	Total	164377 (100.00)	38.14	266565 (100.00)	61.86	430942 (100.00)
4	Establishments with special characteristics					
	Without Premises	51615 (10.34)	45.29	62360 (10.89)	54.71	113975 (10.64)
	Without Power	334844 (67.07)	47.78	365902 (63.92)	52.22	700746 (65.39)
	Perennial	482969 (96.74)	46.27	560832 (97.98)	53.73	1043801 (97.40)
	Under Private Ownership	461857 (92.51)	45.17	560706 (97.95)	54.83	1022563 (95.42)

Note: Figures in brackets show the percentage of establishments to all establishments in the respective areas.

2.2 EMPLOYMENT

2.2.1 About 27.02 lakh persons, 10.68 lakh (39.53%) in rural areas and 16.34 lakh (60.47%) in urban areas were reported to be working in the establishments found during the census. Four districts namely Ludhiana with 5.45 lakh(20.17%), Amritsar with 2.93 lakh (10.84%), Jalandhar with 2.86 lakh (10.58%) and Patiala with 2.56 lakh(9.47%) have the combined share of about 51% of total employment. This is consistent with the total number of establishments in these districts.

2.2.2 About 25.68 lakh workers constituting 95.04% of total employment worked in non-agricultural establishments and only 4.96% constituting about 1.34 lakh worked in agricultural establishments. The results revealed that there are around 19.56 lakh persons working in establishments with hired workers in the State and rest 7.46 lakh (27.16%) persons were working in own account establishments i.e. without any hired workers.

2.2.3 The total number of hired workers were of the order of 16.30 lakh and this works out to be around 68.33% of the total employment. Out of the total hired workers 64.65% (10.54 lakh) were in the urban areas whereas the rest 35.35% (5.76 lakh) were in the rural areas.

2.2.4 In rural areas about 1.17 lakh persons, constituting 10.96% of the total rural employment worked in agricultural establishments and the rest 9.51 lakh workers (89.04%) worked in non-agricultural establishments. About 87.68% of the total employment of

agricultural sector was in rural areas. 83.01% workers in rural areas were adult males. About 37.08% of the rural employment were in own account establishments.

2.2.5 In urban areas 16.17 lakh persons, constituting 98.96% of the total urban employment, worked in non-agricultural establishments. 90.39% workers were adult males and 8.98% were adult females. 64.65% of the total hired workers constituting about 16.30 lakh were found in the urban areas.

2.2.6 The share of adult females in total employment of 27.02 lakh was around 3.18 lakh which is around 11.77% of total employment. 53.76% of the adult female employment was in rural areas. The corresponding percentage in urban areas was 46.24% numbering 1.47 lakh. Among the hired workers 2.53 lakh (15.52%) were adult females.

(Figures in absolute number)						
Sl. No.	Type	Rural		Urban		Combined
		Number	%	Number	%	
1	2	3	4	5	6	7
1	Workers usually working in Agricultural Establishments

2.3 ESTABLISHMENTS BY MAJOR ACTIVITY GROUPS

2.3.1 The activity-wise distribution of agricultural and non-agricultural establishments, which were grouped into 20 major activity groups, 3 for agricultural activities and 17 for non-agricultural activities, by type of establishments and by location is presented in Table 2.3(a) & 2.3(b) respectively.

2.3.2 Among the agricultural establishments, Farming of animals dominated with its total share of 93.33% (57349). 89.97% of the total establishments involved in Farming of animals were found in the rural areas.

- Note:**
- i) Figures in brackets indicate percentage to all activities.
 - ii) Percentage total and number total may not tally due to rounding off.
 - iii) OAE:Own Account establishments Estt.: Establishments with at least one hired worker

2.3.3 In the non-agricultural sector, the major activity-wise distribution of these establishments into 17 major groups has shown that ‘Retail Trade’, ‘Manufacturing’ and ‘Community, Social and Personal Services’ were three most preferred activities from the point of view of number of establishments. Overall these three activity groups together accounted for 70.48 percent of the total non-agricultural establishments, 70.46 percent of establishments in rural areas and 70.50 percent of establishments in urban areas. The share of remaining 14 major activity groups is only 29.52 percent in total.

2.3.4 The major activity group ‘Retail Trade’ had dominated all other groups with 4.29 lakh establishments out of 10.10 lakh establishments sharing 42.44 percent in total non agricultural establishments. The ‘manufacturing’ activity shared 19.02 percent in total, 18.24 percent in rural and 19.63 percent in urban areas. The other community personal services share was 9.02 percent in total, 10.86 percent in rural and 7.58 percent in urban areas.

2.3.5 Among establishments with hired worker, the activity group ‘Retail Trade’ had the highest number of 1.29 lakh Establishments with hired worker constituting 31.47 percent of the total number. It was followed by the ‘Manufacturing’ activity group with 0.94 lakh

establishments with hired worker or (22.80%). The activity ‘Other Community Personal Service’ occupied the third position with 0.35 lakh establishments with hired worker (8.48%). In both rural and urban areas, ‘Retail Trade’ was the most popular activity in establishments with hired worker with 0.36 lakh (24.77%) and 0.93 lakh (35.21%) establishments with hired worker respectively followed by ‘Manufacturing’ with 0.27 lakh (18.61%) and 0.66 lakh (25.13%) establishments with hired worker respectively.

2.3.6 ‘Retail Trade’ had dominated all other groups with about 3.0 lakh own-account establishments with a share of almost 50.00 percent. Number of own-account establishments in ‘Manufacturing ’and ‘Other Community Personal services was 0.99 lakh (16.44%) and 0.56 lakh (9.40%) respectively.

2.4 EMPLOYMENT IN ESABLISHMENTS BY MAJOR ACTIVITY GROUPS

2.4.1 The distribution of employment in agricultural and non-agricultural establishments by major activity groups and by type of establishments are presented in Table 2.4(a) and 2.4(b) with rural –urban break up.

2.4.2 Among the agricultural activities, the maximum number of employment was found under the activity group ‘Farming of animals with 1.23 lakh workers constituting 91.88% of the total employment in the agricultural sector. Within the Farming of animals, the employment is mostly concentrated in the rural areas with 88.27% share.

15	Health and social work	12198 (3.67)	27678 (4.48)	39876 (4.19)	7748 (2.24)	47770 (3.76)	55518 (3.43)	19946 (2.94)	75448 (3.99)	95394 (3.71)
16	Other community, social and personal service activities	35460 (10.66)	33020 (5.34)	68480 (7.20)	28241 (8.18)	54506 (4.29)	82747 (5.12)	63701 (9.40)	87526 (4.63)	151227 (5.89)
17	Other Activities	3 (0.00)	14 (0.00)	17 (0.00)	6 (0.00)	19 (0.00)	25 (0.00)	9 (0.00)	33 (0.00)	42 (0.00)
	All Non-agricultural Activities	332627 (100.00)	618361 (100.00)	950988 (100.00)	345424 (100.00)	1271829 (100.00)	1617253 (100.00)	678051 (100.00)	1890190 (100.00)	2568241 (100.00)

2.4.3 In the non-agricultural sector, the activity-wise distribution of these establishments into 17 major groups has shown that ‘Manufacturing’, ‘Retail Trade’ and ‘Education’ were dominant in having the maximum number of workers. Manufacturing activity alone provided employment to 7.62 lakh persons (29.66%) of the total employment of 25.68 lakh persons in non-agricultural activities. This activity group is followed by ‘Retail Trade’ group accounting for 6.49 lakh employees with a share of 25.26 percent of the total employment in non-agricultural sector. ‘Education’ was at third position with 2.49 lakh employees sharing 9.70 percent. These three groups together constituted 64.63 percent of the total employment in the non-agricultural sector.

2.4.4 These three activities ‘Manufacturing’, ‘Retail Trade’ and ‘Education’ provided employment to 2.75 lakh, 2.33 lakh and 1.49 lakh persons in rural areas sharing 28.92, 24.54 and 15.64 percent respectively of the total employment in the rural areas. The total share in employment of these three activities was 62.97 percent. However, a slightly different order has been noticed in urban areas. Here the economic activity group ‘Manufacturing’ has dominated with 4.87 lakh (30.09 %) persons followed by Retail Trade’ and ‘Public Adman. Defence Social Sector’ activity group with 4.15 lakh (25.69%) and 1.35 lakh (8.37%) persons respectively. Education was at 4th position and provided employment to 1 lakh persons (6.18%). The combined share of these four economic activity groups was 70.33 percent of the total employment in urban non-agricultural establishments.

2.4.5 The percentage share of the establishments with hired worker in total employment of an activity in non-agricultural establishments was the highest for ‘Public Adman. Defence Social Sector’ (99%) followed by ‘Electricity, Gas and Water’ (98%). All the other activities had less than 98 percent of the employment in establishments with hired worker.

2.4.6 That the economic activity group ‘Manufacturing’ had the maximum employment in establishments with hired worker which accounted for 6.40 lakh persons followed by ‘Retail Trade’ activity group with 3.17 lakh persons. Trend was opposite in own account establishments where ‘Retail Trade’ had the maximum employment of 3.32 lakh persons followed by ‘Manufacturing’ activity group with 1.21 lakh persons.

2.5 ESTABLISHMENTS WITH SELECTED CHARACTERISTICS

2.5.1 Table 3.4 reveals that 9.89 lakh establishments out of 10.72 lakh establishments constituting 92.32 percent were in private sector. Only 0.33 lakh (3.08%) establishments were

Private Non-Profit Institutions. Number of non-perennial establishments, without premises and without power/fuel was 0.28 lakh (2.60%), 1.14 lakh (10.63%) and 7.01 lakh (65.38%) respectively in the total 10.72 lakh establishments. Establishments owned by scheduled castes and other backward classes constituted 1.65 lakh (15.42%) and 1.93 lakh (18.05%) respectively.

Note: On the basis of resurvey of all ST owned Establishments, district authorities have reported that these Establishments have been wrongly reported by Enumerators. However the data is disseminated, as State-wise detailed results were already finalized by CSO by the time of resurvey.									

2.5.2 Out of total privately owned units, 4.39 lakh (44.33%) were in the rural and 5.50 lakh (55.67%) in urban areas. Of the total non-perennial, operating without premises and operating without power/fuel establishments 58.43, 45.29 and 47.78 percent were respectively in the rural areas and 41.57, 54.71 and 52.22 percent respectively in urban areas. Of the total establishments owned by scheduled castes and backward classes 60.11 percent and 52.80 percent respectively were in the rural areas and 39.89% and 47.20% in urban areas.

2.6 ESTABLISHMENTS AND EMPLOYMENT THEIR BY SIZE- CLASS OF EMPLOYMENT

2.6.1 Table 2.6 reveals that the share of the establishments in the class size with employment of 1-5, 6-9 and 10 & above workers was 94.94 percent, 3.42 percent and 1.64 percent respectively. 96.17 percent of the total establishments in the rural areas fall under class size with employment of 1-5 workers whereas only 2.4 percent and 1.4 percent of establishments fall under the class size with employment of 6-9 and 10 & above respectively. In the urban areas, establishments with class size with employment of 1-5 workers accounted for 93.86 percent of the total establishments whereas classes with size 6-9 and 10 & above workers accounted for 4.27 percent and 1.87 percent respectively.

2.6.2 The establishments in class size with employment of 10 & above workers which constituted merely 1.64 percent of the establishments accounted for 30.30 % of the total persons usually working in all the establishments. The share of employment for this group was 26.00% and 33.12% in rural and urban areas respectively in total persons usually working in these areas. The class size with employment of 1-5 workers has the maximum number of establishments both in rural as well as in the urban areas and accounted for 65.62 percent and 55.95 percent of the total employment in the rural and urban areas respectively.

2.7 DISTRICT-WISE STATISTICS

2.7.1 District-wise statistics regarding number of rural and urban establishments and their growth during 1998-2005 are given in Table 2.7 (a). Of the total establishments, four districts namely Ludhiana, Amritsar, Jalandhar and Patiala together accounted for about 47% of the total establishments. The dominance of these districts in urban establishments was even more pronounced where these districts together accounted for about 56% of the total establishments.

2.7.2 There were positive growth rates of establishments in all the districts for rural as well as urban areas. The growth rates were less in urban area as compared to rural area in all the district except Kapurthala, Nawanshehar, Muktsar and Mansa. The growth rate of 12.28 % in Fatehgarh Sahib was highest and 3.3% in Mansa was the lowest in rural area. The growth rate in urban area was highest (8.89%) in Fatehgarh Sahib and lowest (1.20%) in urban area .Overall growth rate was highest in Fatehgarh Sahib and lowest in Ropar district.

d)Hired workers	30413	78.40	8378	21.60	38791

3.1.1 The agricultural establishments which numbered 0.61 lakh accounted for 5.73 percent of the total 10.72 lakh establishments and agricultural employment 1.34 lakh accounted for 4.95 percent of 27.02 lakh total employment in all the establishments.

3.1.2 Out of 0.61 lakh agricultural establishments, majority 0.41 lakh (66.25%) are own-account category whereas establishment with hired worker accounted for only 0.21 lakh (33.75%). Out of the total 1.34 lakh persons usually working in all the agricultural

establishments, own-account establishments accounted for an employment of 0.68 lakh which accounted for 50.88 percent. The remaining workforce of 0.66 lakh (49.12 percent) was employed in establishment with hired worker.

3.1.3 Rural areas accounted for 89.42 percent of the total agricultural establishments and the rest 10.58 percent were in the urban areas. Out of the total 1.34 lakh persons usually engaged in all agricultural establishments, 1.17 lakh persons (87.68%) were working in rural establishments whereas 0.16 lakh persons (12.32%) were working in the establishments located in the urban areas. It is revealed that 28.99 percent of the employment in agricultural establishments was hired workers. Out of total 0.39 lakh hired workers, 0.31 lakh (78.40%) were employed in rural establishments and 0.08 lakh (21.60%) in urban establishments.

3.1.4 The share of the own-account establishments in the rural areas out of total agricultural own-account establishments was 92.52 percent. In such establishments, the share of employment in rural and urban areas was 93.54% and 6.46% respectively.

3.1.5 The share of rural establishment with hired worker out of total establishments with hired worker was 83.36 percent whereas 16.64 percent were located in urban areas. Rural establishments with hired worker accounted for 81.61% of total employment in establishments with hired worker and whereas urban establishments with hired worker accounted for 18.39% only. The average employment per establishment was 3.10 persons in rural areas whereas it was 3.50 persons per establishment in the urban areas. Combined (Rural & Urban) average employment per agricultural establishment was 3.16 as compared to only 1.67 for own-account establishments. Over all average employment per establishment was only 2.18 percent in agricultural establishments.

3.2 AGRICULTURAL ESTABLISHMENTS WITH HIRED WORKER AND EMPLOYMENT

3.2.1 Table 3.2 reveals that only 1.47 percent establishment with hired worker were Private Non-Profit Institutions, 96.30 percent were under Pvt. Unincorporated Proprietor, 1.02 percent were owned by Pvt. Others and 1.21 percent were Government & PSU institutions. In rural areas the share of Govt. & PSU establishments with hired worker was 1.01% compared to 2.14% in urban areas.

<p>Note: On the basis of resurvey of all ST owned Establishments, district authorities have reported that these Establishments have been wrongly reported by Enumerators. However the data is disseminated, as State-wise detailed results were already finalized by CSO by the time of resurvey.</p>									

3.3.1 Out of 61445 agricultural establishments, 610 forming 1.00 percent establishments belonged to the category of Other Private ownership and only 1107 forming 1.80 percent establishments belonged to the category of Pvt. NPI ownership. Nearly 11.26 percent of the total establishments numbering 6919 were of non-perennial nature. Among these, 6867 (16.57%) were without any premises and 45634 (74.27%) operated without power/fuel. As regards social group of ownership of these establishments, 5355(8.72%) were owned by scheduled castes and 6709 (10.92%) were owned by persons belonging to other backward classes.

3.3.2 In the agricultural establishments located in the urban areas, the share of Pvt. NPI ownership and Other Private establishments was 2.15 percent and 0.65 percent respectively. The share of establishments of non-perennial nature was 4.77 percent. Agricultural establishments in this sector operating without any premises accounted for 10.11 percent. Out of 40705, 31653 (71.02%) were operating without any power / fuel. Scheduled castes and other backward classes owned 7.59 percent and 13.70 percent respectively of the establishments in urban areas.

d)Hired workers	545855	34.30	1045555	65.70	1591410

4.1.2 Out of total 10.10 lakh non-agricultural establishments, 6.00 lakh establishments belonged to own-account category with a share of 59.39 percent and 4.10 lakh were establishment with hired worker with a share of 40.61 percent. In case of employment, out of a total 25.68 lakh persons usually engaged in all non-agricultural establishments, 6.78 lakh persons accounting for 26.40 percent were working in own-account establishments and 18.90

lakh persons accounting for 73.60 percent were working in establishments with hired worker. Out of the total workers in non-agricultural establishments, 15.91 lakh persons constituting about 62% were hired workers and 2.87 lakh were female employees which constituted 11.18 percent of the work force in these establishments.

4.1.3 Establishments located in rural areas accounted for 43.98 percent of the total non-agricultural establishments and remaining 56.02% were located in urban areas. Non-agricultural establishments located in rural areas provided employment to 9.51 lakh (37.03%) persons vis-à-vis 16.17 lakh (62.97%) by those located in urban areas. Out of 15.91 lakh hired workers in these establishments, 34.30 percent were working in rural establishments whereas 65.70% were working in urban establishments. The employment per own-account establishment in rural and urban areas was 1.12 and 1.14 respectively vis-à-vis 4.20 and 4.83 per establishment with hired worker in rural and urban areas respectively. For total establishments, the employment rate was 2.14 in rural areas and 2.86 in urban areas. Out of the total workers in establishment with hired worker, 88.27% and 82.21% were hired workers in rural and urban areas respectively and the rest were family members.

4.1.4 The rural share in the number and employment of own-account non-agricultural establishments was 49.53% and 49.06% respectively. Out of total 4.10 lakh establishments with hired worker, 1.47 lakh (35.86%) were in rural areas and 2.63 lakh (64.14%) were located in urban areas. The share of employment in these establishments with hired worker in rural areas was 32.71 percent vis-à-vis 67.29% in urban areas.

4.2 NON-AGRICULTURAL OWN-ACCOUNT ESTABLISHMENTS AND EMPLOYMENT

4.2.1 Table 4.2 reveals that ‘Retail Trade’ ‘Manufacturing’ & ‘Other Community and Personal Services’ were the three most important activity groups from the point of view of

both number of establishments and number of persons usually working in own account establishments. The activity group 'Retail Trade' dominated all the activity groups with 3.00 lakh own-account establishments with a share of 49.94 percent of the establishments and 3.32 lakh workers with a share of 48.92 percent of the total employment. It was followed by the activity group 'Manufacturing' netting 0.99 lakh establishments with a share of 16.44 percent of the total establishments and 1.21 lakh persons with a share of 17.88 percent of the total employment. The activity group 'Other Community Personal Services' was in the third place accounting for 0.56 lakh establishments with a share of 9.40 percent and 0.64 lakh persons with a share of 9.39 percent.

<p>Note: On the basis of resurvey of all ST owned Establishments, district authorities have reported that these Establishments have been wrongly reported by Enumerators. However the data is disseminated, as State-wise detailed results were already finalized by CSO by the time of resurvey.</p>								

4.3.1 Table 4.3 reveals that there were 0.10 lakh own-account non-perennial establishments, which constituted 1.70% of the total own-account establishments. There were 0.87 lakh own account establishments operating without premises and 4.16 lakh establishments operating without any power/fuel constituting 14.46% and 69.39% respectively of the total number of own-account establishments. It can be seen that there were 1.24 lakh and 1.27 establishments, which were owned by persons belonging to

scheduled castes and other backward classes with 20.68% and 21.09 percent share in the total establishments.

4.3.2 Out of the total 0.10 lakh non-perennial establishments, 4383 establishments accounting for 42.91% were under economic activity group 'Retail Trade' followed by 'Manufacturing' group netting 2723 establishments with 26.66% of the total non-perennial establishments. It can be noticed that the three groups viz. 'Retail Trade', 'Manufacturing' and 'Other Community Personal Services' together constituted 75.66% of the total non-perennial establishments.

4.3.3 Among the 86735 establishments operating without any premises, the activity group 'Retail Trade' accounted for 43656 establishments with a share of 50.33% followed by 'Transport & Storage' activity group which accounted for 17859 establishments with a share of 20.59%. Manufacturing activity group accounted for 8014 establishments with a share of 9.24% among establishments without any premises. All the three major activity groups together accounted for 80.16% of the total establishments, which operated without any premises. Among 4.16 lakh establishments running without any power/fuel, 'Retail Trade' group with 2.36 lakh establishments dominated all other groups and alone accounted for 56.77% of the total establishments. This was followed by 0.51 lakh establishments in manufacturing activity with a share of 12.18%.

4.3.4 'Retail Trade' appeared to be the most preferred activity among scheduled castes and other backward classes which accounted for 48.52% and 43.10% of such establishments respectively. This was followed by 'Manufacturing & Other Community Personal Services' accounting for 17.66% and 9.93% respectively for SC owned establishments and 24.46% and 10.44% of respectively for OBC owned establishments. The three main activity categories of 'Retail Trade', 'Manufacturing' and 'Community, Social and Personal Services' accounted for 76.11 percent of the total establishments owned by scheduled castes persons. The corresponding percentage was 78.00 for other backward classes.

4.4 SELECTED CHARACTERISTICS OF NON-AGRICULTURAL OWN-ACCOUNT ESTABLISHMENTS LOCATED IN RURAL AREAS

4.4.1 Table 4.4 reveals that 1.89% of the own-account establishments were operated non-perennially, 12.18% running without any premises and 68.90% running without any power/fuel in rural areas. The respective share of establishments owned by scheduled castes and other backward classes among the total own-account establishments was 25.99% and 24.13% in the rural areas.

Note: On the basis of resurvey of all ST owned Establishments, district authorities have reported that these Establishments have been wrongly reported by Enumerators. However the data is disseminated, as State-wise detailed results were already finalized by CSO by the time of resurvey.								

4.5.1 Table 4.5 reveals that there were 4612 non-perennial establishments, 0.51 lakh establishments running without premises and 2.12 lakh establishments not using any power/fuel which accounted for 1.52%, 16.69% and 69.86% respectively of the total own-account establishments in the urban sector. The share of the establishments owned by scheduled castes and other backward classes was 15.46% and 18.09% respectively in the total establishments located in urban areas.

4.5.2 Out of the non-perennial establishments, 51.97% of establishments belong to the economic activity group ‘Retail Trade’ followed by ‘Manufacturing’ activity group accounting for 20.06%. In case of establishments without premises, ‘Retail Trade’ group accounted for 53.96% followed by ‘Transport & Storage’ and ‘Manufacturing’ with a share of 19.33% and 7.96% respectively. Among the establishments running without power/fuel, again the ‘Retail Trade’ dominated with a share of 56.74% followed by ‘Manufacturing’ accounting for 11.65%. The two specified social groups viz. scheduled castes and other backward classes owned maximum number of establishments in the activity group ‘Retail Trade’ with respective share of 46.04% and 42.46% in the total own-account establishments owned by them. This was followed by the ‘Manufacturing’ activity with a share of 16.36% and 21.24% respectively.

TOTAL		147089	618361	263113	1271829	410202	1890190

4.9.1 Table 4.9 reveals that the activity group 'Retail Trade' had the maximum 1.29 lakh establishment with hired worker out of total 4.10 lakh establishment with hired worker which alone accounted for 31.47% followed by the activity group, 'Manufacturing', which

has 93518 establishment with hired worker with a share of 22.80%. The activity group 'Other Community Personal Services' with 34772 establishment with hired worker occupied the third place. These three groups together shared 62.25 percent of the total non-agricultural establishment with hired worker.

4.9.2 In rural areas, the activity groups 'Retail Trade' 'Manufacturing and Education' has the maximum establishment with hired worker with percentage share of 24.77%, 18.61% and 16.67%. In urban areas, activity group 'Retail Trade' alone accounted for 35.21% with 0.93 lakh establishment with hired worker followed by 'Manufacturing' which has 0.66 lakh establishment with hired worker with a share of 25.14%. Other Community Personal Services which accounted for 6.83% of the establishment with hired worker occupied the third place.

4.9.3 With regard to employment, overall the activity group 'Manufacturing' occupied the first place providing 33.89% of the total employment followed by 'Retail Trade' group which contributed 16.77%. The activity group 'Education' which accounted for 12.96% of the total employment occupied the third place. These three groups together had a share of 63.62% in total employment. In urban areas, in terms of employment 'Manufacturing' and 'Retail Trade' are at first and second place respectively whereas in the rural areas second place is taken by Education in place of Retail Trade.

4.10 MAJOR ACTIVITY-WISE DISTRIBUTION OF WORKERS IN NON AGRICULTURAL ESTABLISHMENTS WITH HIRED WORKER

4.10.1 Table 4.10 reveals that there were 2.56 lakh female, 11889 child male and 3129 child female employees which accounted for 13.56%, 0.62% and 0.17% respectively of the total 18.90 lakh persons usually working in all non-agricultural establishments with hired worker for the State as a whole.

4.10.2 Out of 2.56 lakh female workers, 2.47 lakh i.e. 96.34% were hired workers which constituted 15.52% of the total hired employment. Female hired workers were maximum in the economic activity group 'Education' with percentage share of 54.17% whereas the activity group 'Retail Trade' accounted for maximum child male (37.57%) and Manufacturing accounted for maximum child female (37.47%).

4.23.1 Table 4.23 reveals that overall 87.36% of establishments with hired worker are under the category with employment of 1-5 workers, whereas the total number of persons employed was only 43.62 percent. On the other hand establishments with hired worker in the employment group 20 & above with only 2.28 percent share in the total establishments with hired worker accounted for 37.11 percent of the total employment.

CHAPTER-V

COMPARISON OF RESULTS OF ECONOMIC CENSUSES- 1990, 1998 AND 2005

The field work of EC 1980 and EC 1990 were carried out along with the house-listing operation of decennial Population Censuses 1981 and 1991 respectively whereas EC 1998 has been carried out independently. Comparison of EC 1990, EC 1998 and EC 2005 has been made on number of establishments and persons usually employed, by location, by establishment type and by selected characteristics.

5.1 GROWTH OF ESTABLISHMENTS AND EMPLOYMENT

5.1.1 Table 5.1 reveals that there were 5.99 lakh establishments engaged in different economic activities with 17.70 lakh persons usually working in them as per EC 1990 which rose to 7.17 lakh establishments with 21.00 lakh persons engaged in all the activities as per EC 1998. EC 2005 has estimated 10.72 lakh establishments with 27.02 lakh persons engaged in all the activities. It reveals maximum growth in number of establishments as well as employment in 2005 over 1998 as compared to growth in 1998 over 1990 which have increased from 2.27% to 5.91% and 2.16% to 3.65% respectively.

TABLE 5.1 NUMBER OF ESTABLISHMENTS AND EMPLOYMENT AS PER DIFFERENT ECs										
Location	Establishments			Employment			Growth rate of Establishment s		Growth rate of Employment	
	EC 1990	EC 1998	EC 2005	EC 1990	EC 1998	EC 2005	1990 -98	1998- 2005	1990 -98	1998- 2005
1	2	3	4	5	6	7	8	9	10	11
RURAL	254412	302553	499251	579525	742972	1068324	2.19	7.42	3.15	5.33
URBAN	344897	414561	572415	1190232	1356683	1633745	2.33	4.72	1.65	2.67
TOTAL	599309	717114	1071666	1769757	2099655	2702069	2.27	5.91	2.16	3.65

5.1.2 In rural areas, there were 2.54 lakh establishments in 1990 and 3.03 lakh establishments in 1998 registering a growth rate of 2.19 percent per annum which further increased to 4.99 lakh in 2005 showing a growth rate of 7.42 percent per annum over 1998. Employment in these establishments which was 5.80 lakh in 1990 and 7.43 lakh in 1998 further increased to 10.68 lakh in 2005 showing a growth rate of 5.33 percent per annum in 2005 over 1998 vis-à-vis 3.15 percent per annum in 1998 over 1990. In urban areas, there were 3.45 lakh establishments in 1990 and 4.15 lakh establishments in 1998 registering a growth rate of 2.33 percent per annum which further increased to 5.72 lakh in 2005 showing

a growth rate of 4.72 percent per annum over 1998. Employment in these establishments which was 11.90 lakh in 1990 and 13.57 lakh in 1998 further rose to 16.34 lakh in 2005 showing a growth rate of 2.67 percent per annum in 2005 over 1998 vis-à-vis 1.65 percent per annum in 1998 over 1990.

5.2 AGRICULTURAL AND NON-AGRICULTURAL ESTABLISHMENTS

TABLE 5.2 NUMBER OF AGRICULTURAL AND NON-AGRICULTURAL ESTABLISHMENTS DURING DIFFERENT ECs										
Location	Agricultural			Non-agricultural			Growth rate of Agri. Establishments		Growth rate of Non-Agri. Establishments	
	EC 1990	EC 1998	EC 2005	EC 1990	EC 1998	EC 2005	1990-98	1998-2005	1990-98	1998-2005
1	2	3	4	5	6	7	8	9	10	11
RURAL	12042	10803	54947	242370	291750	444304	(-)1.35	26.18	2.34	6.20
URBAN	6199	5044	6498	338698	409517	565917	(-)2.55	3.69	2.40	4.73
TOTAL	18241	15847	61445	581068	701267	1010221	(-)1.74	21.38	2.38	5.36

5.2.1 Table 5.2 reveals that number of agricultural establishments has increased substantially by 21.38% per annum in EC 2005 vis-à-vis negative growth of 1.74% per annum in EC 1998. Share of agricultural establishments in total has also increased from 2.20% in 1998 to 5.73% in 2005. Similar trend has been observed in rural and urban areas. Growth in number of agricultural establishments in rural areas (6.20%) is more as compared to urban areas (4.73%).

5.2.2 Number of non-agricultural establishments has increased to 10.10 lakh in 2005 as against 7.01 lakh establishments in 1998 and 5.81 lakh establishments in 1990. Growth rate of non-agricultural establishments has increased considerably from 2.38% in 1998 over 1990 to 5.36% in 2005 over 1990.

5.3 OWN-ACCOUNT ESTABLISHMENTS AND ESTABLISHMENTS WITH HIRED WORKER

TABLE 5.3 NUMBER OF OWN-ACCOUNT ESTABLISHMENTS AND ESTABLISHMENTS WITH HIRED WORKER										
Location	Own-account Establishments			Establishments with hired worker			Growth rate of OAE		Growth rate of Establishment with hired worker	
	EC 1990	EC 1998	EC 2005	EC 1990	EC 1998	EC 2005	1990-98	1998-2005	1990-98	1998-2005
1	2	3	4	5	6	7	8	9	10	11
Rural	186616	214532	334874	67796	88021	164377	1.76	6.57	3.32	9.34
Urban	220120	269781	305850	124777	144780	266565	2.58	1.81	1.88	9.12
Total	406736	484313	640724	192573	232801	430942	2.21	4.08	2.40	9.21

5.3.1 Table 5.3 reveals share of own-account establishments which was preferred over establishments with hired worker in 1990 and 1998 has declined from 67.5% in 1998 to 59.79 % in 2005 which shows a slight structural shift from own-account establishments to establishments with hired worker. A similar shift has been noticed in the rural as well as in urban sector where the share of own-account establishments in the total establishments has gone down.

5.3.2 The growth rate in the own-account establishments which was 2.21 percent per annum in 1990-98 has increased to 4.08 percent per annum in 1998-2005 whereas the growth rate of establishments with hired worker has increased from 2.40 percent per annum to 9.21 percent per annum during the corresponding period. Growth rate of own-account establishments and establishments with hired worker was almost similar in 1998 and 2005 whereas the growth rate of establishments with hired worker is more than double in 2005.

5.4 SELECTED CHARACTERISTICS OF ESTABLISHMENTS

A. OWN ACCOUNT ESTABLISHMENTS

5.4.1 Number of non-perennial establishments which was 7084 in 1990 and 8954 in 1998 has increased further to 14706 in 2005 showing a growth rate of 7.35 percent per annum in 2005 over 1998 vis-à-vis 2.97% in 1998 over 1990. The proportion of non-perennial own-account establishments to total own-account establishments has increased from 1.8 percent in 1998 to 2.30 percent in 2005.

5.4.2 Establishments operating without premises which had decreased from 37956 in 1990 to 32531 in 1998 showing a negative growth rate of 1.91 percent per annum have increased to 91302 in 2005 showing a high growth rate of 15.88 percent per annum in 2005 over 1998. The proportion of these establishments which was 9.3% and 6.7% respectively in 1990 and 1998 respectively to the total own account establishments has increased to 14.25 percent in 2005. The establishments operating with power/fuel have increased from 1.10 lakh in 1998 to 1.93 lakh showing a growth rate of 8.37 percent per annum in 2005 over 1998 vis-à-vis 5.50% per annum in 1998. The proportion of these establishments to total own-account establishments has also increased from 22.7 percent in 1998 to 30.08 percent in 2005.

v. ST owned	-	-	5050	-	-	2191	-	-	-	-
Note: On the basis of resurvey of all ST owned Establishments, district authorities have reported that these Establishments have been wrongly reported by Enumerators. However the data is disseminated, as State-wise detailed results were already finalized by CSO by the time of resurvey.										

5.4.3 The number of own-account establishments owned by schedules castes which increased from 64226 in 1990 to 72065 in 1998 has further increased to 128287 in 1998. Growth rate of these establishments has increased from 1.45 percent per annum in 1998 to 8.59 percent per annum in 2005. The proportion of these establishments to total number of own-account establishment has also increased considerably from 14.9 percent in 1998 to 20.02 percent in 2005.

B. ESTABLISHMENT WITH HIRED WORKER

5.4.4 Table 5.4 reveals that non-perennial establishments with hired worker which increased from 5822 in 1990 to 6338 in 1998 have further increased to 13159 in 2005. Growth rate of these establishments has increased from 1.07 percent per annum in 1998 to 11.00 percent per annum in 2005. The proportion of these establishments with hired worker to the total number of establishments with hired worker which was 2.7 percent in 1998 has increased to 3.05 percent in 2005.

5.4.5 The establishments with hired worker operating without premises which increased from 2470 in 1990 to 5443 in 1998 have further increased to 22673 in 2005. Growth rate of these establishments has increased from 10.4 percent per annum in 1998 to 22.61 percent per annum in 2005. The proportion of these establishments with hired worker to total establishments with hired worker which was 2.3 percent in 1998 has increased to 5.26 percent in 2005.

5.4.6 The establishments with hired worker operating with power/fuel which increased from 59427 in 1990 to 72918 in 1998 have further increased to 178190 in 2005. Growth rate of these establishments have increased from 2.6 percent per annum in 1998 to 13.62 percent per annum in 2005. The proportion of these establishments with hired worker to total establishments with hired worker which was 23.1 percent in 1998 has increased to 26.5 percent in 2005.

5.4.7 The number of establishments with hired worker owned by scheduled castes which increased from 9073 in 1990 to 12997 in 1998 has further increased to 36956 in 2005. Growth rate of these establishments has increased from 4.6 percent per annum in 1998 to 16.1 percent per annum in 2005. The proportion of these establishments with hired worker to total number of establishments with hired worker which was 5.6 percent in 1998 has increased to 8.6 percent in 2005.

5.5 AVERAGE EMPLOYMENT

5.5.1 Average employment per establishment has shown a declining level in the State and also both in rural and urban areas. The average employment per establishment has declined from 2.95 in 1990 to 2.93 in 1998 and further to 2.52 in 2005. During 1998-2005 establishments grew significantly (5.91%) per annum. But the employment per establishment

(2.52 in 2005) has declined significantly. However, there was overall growth of 3.65% per annum in employment.

5.5.2 In case of agricultural establishments, average employment per establishment has declined from 2.20 in 1998 to 2.18 in 2005. Similar trend has been observed in non-agricultural establishments also where the average employment per establishment has come down from 2.94 in 1998 to 2.54 in 2005.

5.5.3 Average employment size in own account establishments was of the order 1.16 as against 4.54 in establishment with hired workers in 2005. Decreasing trend has been noticed in both these types of establishments.

Table 5.5 Average employment per establishment

percentage share being 43.84, 42.89 and 48.99 respectively. Its share has increased by 6% from 1998 to 2005. Second most important activity is Community, Social and Personal Services. However, the share of this activity has declined from 1998 in 2005.

Annexure-V

Major Activity Groups by which principal characteristics of Establishment are classified

SI No.	Major Activity Group	NIC-2004 codes
1.	Farming of animals	012,013
2.	Agricultural services, forestry, hunting etc.	014,015,020
3.	Fishing etc.	050
4.	All agricultural Activities(SI. No. 1 to 3)	
5.	Mining and quarrying	10 to 14
6.	Manufacturing	15 to 37
7.	Electricity ,gas and water supply	40.41
8.	Construction	45
9.	Sale, maintenance and repair of motor vehicles and motorcycle, retail sale of automotive fuel.	50
10.	Wholesale trade and commission trade, except of motor vehicles and motorcycles.	51
11.	Retail trade, except of motor vehicles and motorcycles, repair of personal and household goods.	52
12.	Hotels and restaurants	55
13.	Transport and storage	60 to 63
14.	Post and Telecommunications	64
15.	Financial intermediation	65 to 67
16.	Real estate, Renting and business services	70 to 74
17.	Public administration and defence, compulsory social security	75
18.	Education	80
19.	Health and social work	85
20.	Other community, social and personal service activities	90 to 93
21.	Other activities	99
22.	All Non-agricultural Activities(SI.No.5 to 21)	
23.	All Agricultural and Non-agricultural Activities(SI.No.4+SI.No.22)	

CONCEPT AND DEFINITIONS OF IMPORTANT TERMS

- 1. Establishment:** An Establishment is an undertaking engaged in production and/or distribution of goods and /or services other than for the sole purpose of own consumption.
- 2. Own Account Establishment:** An establishment run by the members of the household without hiring any worker on a fairly regular basis is termed as an Own Account establishment.
- 3. Establishment with hired workers:**
 - (i) Directory Establishment**

An establishment with hired worker employing 6 or more persons daily on a fairly regular basis is termed as Directory establishment.
 - (ii) Non Directory Establishment:**

An establishment with hired worker employing less than 6 persons daily on a fairly regular basis is termed as Non Directory Establishment.
- 4. Agricultural Establishments:** All establishments engaged in livestock production, agricultural services, hunting and trapping and game propagation, forestry and logging and fishing are termed as Agricultural Establishments for the purpose of Economic Census. Establishments engaged in activities pertaining to Crop production and plantations were not covered in this census.
- 5. Non-Agricultural Establishment:** An establishment engaged in economic activities other than agricultural activities is termed as non-agricultural establishment.
- 6. Nature of Operation:** If the activity of the Establishment is carried on throughout the year more or less regularly, it is treated as perennial activity and if the activity is confined to a particular season, the activity is called as seasonal (Non-perennial).
- 7. Type of ownership:** Ownership of the establishment is classified into (a) Private sector (b) Cooperative Society and (c) Public (Central/State Government or local bodies etc.).The private sector includes proprietary, partnership, private and public limited institutions/trusts.
- 8. Social group of ownership:** This is applicable for the establishments run by proprietary or partnership basis. In case of partnership, priority is first given to social Group (ST/SC/OBC/OC) and next to sex (Female /Male).
- 9. Power /Fuel used:** If any one or more sources of power/fuel are specifically used for carrying the entrepreneurial activity (other than lighting purposes or heating the premises etc.) it is considered as power/fuel used. The different sources of power/fuel considered are

electricity, coal/soft coke, petrol/diesel, gas, firewood, kerosene, animal power, non-conventional energy (bio gas, solar and wind energy) and others such as atomic power etc. Establishment using none of these types of power/fuel is categorized as operation without power.

In case more than one type of power/fuel is used for carrying out the entrepreneurial activity the code will refer to the major source or on which more expenditure is incurred.

10. Number of persons usually working daily : The total number of persons usually working daily in an Establishment with break-up of males and females and the component of hired are taken into account. Workers include members of the household whether paid or not engaged in any activity. The work refers to a position and not to the incumbent. The figure of number of persons is a position in the last year for perennial establishment and last working season for seasonal establishment. Apprentice whether paid or not is treated as hired worker whereas exchange of labour mutually between households is regarded as household labour. Part time workers are also treated as employees as long as they are engaged on a regular basis.
