

DISTRICT WISE MAJOR CROPS IN PUNJAB

(June 2010 to May 2011)

Publication No. 943

**Prepared under
13th FINANCE COMMISSION GRANT COVERD UNDER THE MILESTONE
“IMPROVEMENT OF DATA IN RESPECT OF FARM ACTIVITIES”**

**Economic Adviser, Government of Punjab,
Chandigarh**

**E-mail: despunjabchd@gmail.com, Website: www.pbplanning.gov.in
Ph.0172-2704540**

PREFACE

Agriculture plays an important role in the state economy being the predominant occupation and its contribution to GDP. Agricultural alone accounts for 15 percent of the state GDP. Hence identification of major crops and their contribution in GDP is very important for taking suitable policy decisions. State will take up the cost of cultivation studies for identification of inputs and their cost in producing these crops. In this report district wise 10 major crops have been identified. This report covers cultivated area, production and value during 2010-11.

This publication will serves as an important tool for planners, economists, statisticians, and research scholars in formulating, assessing, renewing and evaluating the main features of agriculture sector of Punjab economy.

I appreciate the efforts of S. Jagdeep Singh Joint Director and Smt. Deepinder Kaur Dyesa in preparing this report. Acknowledgement is also made of the initial work done by S. Harvinder Singh Joint Director and S. Gurmeet Singh Research Officer.

Part I

**A brief about Milestone, Target and
Achievement**

Part-I

A brief background about Milestone, Target and Achievement

To improve the Statistical System at State and District levels, Thirteenth Finance Commission (13th FC) has recommended a grant of Rs. 616 Crore for all states over its awarded period 2010-15. Under this, 13th FC has recommended Rs. 20.00 crore to the Punjab State @ Rs. 1.00 crore per district, which is meant primarily to improve statistical system in the districts. At least 75% of the grant is to be spent at the district level to strengthen statistical system for the activities not covered under the “India Statistical Strengthening Project (ISSP)” and 1/4th may be used at State Level.

Milestones Fixed under 13th Finance Commission

Under the 13th FC grant 5 major Milestones are fixed to be achieved during the grant period i.e. 2010-15. These 5 Milestones are as under:

- (i) Preparation and maintenance of Business Register at District Level.
- (ii) Preparation of Local Bodies Accounts by collecting data on receipts and payments of these bodies.
- (iii) Improvement of data in respect of Farm Activities.
- (iv) Pooling of Central and state sample data for generating district level parameters.
- (v) Providing network connectivity among districts and with State Headquarters.

Improvement of Data in respect of Farm Activities

The whole grant is to be released by Government of India to the State Government in 5 equal installments during the grant period i.e. during 2010-11 to

2014-15. All 5 Milestones are set to be achieved under 5 installments of grant. Various prescribed targets are to be achieved in each Milestone during grant period. Under the Milestone of “**Improvement of Data in respect of Farm Activities,**” installment wise following targets are fixed to be achieved:

2nd Installment

Identification of 10 major crops in the district and collection of estimates of cultivated area, production and peak period arrival prices at primary market for these crops, from either the existing administrative records or through studies to compile the data.

3rd Installment

Conducting of cost of cultivation studies for important crops and their dissemination for the use of estimating district level Gross Value Added (GVA).

4th Installment

Collection of data on production and prices for Horticulture and other crops, either from the existing administrative records or conduct studies to compile it. The data is to be used in estimation of District income.

5th Installment

Consolidation and compilation of industry-wise data for GSDP and Gross District Domestic Product (GDDP).

Methodology to Identification of 10 major crops, their production and prices

Under the 2nd Installment of grant identification of 10 major crops in each district is to be made and estimates of cultivated area and production are to be collected alongwith collection of peak period arrival prices at primary market for these crops, from either the existing administrative records or through studies to compile these data.

For this purpose 10 major crops having maximum area cultivated during the Agriculture Year (AY) 2010-11 are identified in each district. Data on cultivated area and production and the peak period arrival prices at primary market for these crops has been collected and compiled for the AY 2010-11 in this report.

Source of Data

The data on cultivated area and production under crops is collected by the Agriculture Department, Punjab every year. Thus the data on these two items has been collected from the Agriculture Department, Punjab. As far as the peak period arrival prices at primary market for these crops are concerned, this information has been collected from each District Market Committee.

Reference Period

The latest data available with the Agriculture Department, Punjab on cultivated area and production under these crops was for the Agriculture Year (AY) 2010-11. Therefore the data compiled for this purpose relates to the A Y 2010-11.

Scope

At present there are 22 Districts in Punjab, but during the year 2010-11 there were 20 Districts in the State and two new districts namely Pathankot and Fazilka are carved out during the year 2011-12. Hence, in this report the data is compiled for 20 Districts only.

Composition of Report

In this report a brief about milestone, target and achievement is presented in Part-II. An account of major 10 crops, district wise and the state as whole, has been given in Part-II of it. District wise tables containing data on cultivated area, production and peak period arrival prices at primary market for these crops, are given in Part-III of the report.

Part-II

**An Account of Major 10 Crops, District Wise
and the State as a Whole**

Part-II

An Account of Major 10 Crops, District Wise and the State as a Whole

Punjab is predominately an agrarian State. It is leading state in Green Revolution and remained the major contributor to the national food grain pool. It contributed 38.60 % wheat and 22.10 % rice to the central pool during 2011-12. The productivity of wheat and rice was 50.97 qtls per hectare and 37.41 qtls per hectare respectively during 2011-12.

The total food grains production in Punjab has increased significantly after Green Revolution. In 1970-71, production of food grains was 73.05 lac metric tonnes, which increased to 290.92 lac metric tonnes in 2011-12 (P) showing an increase of about four times.

Wheat and rice played a major role in increasing agricultural production significantly in the State. The production of rice has increased from 6.88 lac metric tonnes in 1970-71 to 105.42 lac metric tonnes in 2011-12(P) showing a very significant hike of over 15 times. Similarly, the production of wheat has increased from 51.45 lac metric tones in 1970-71 to 179.82 lac metric tonnes during 2011-12(P) registering an increase of over 3 times.

1. Area-wise Major 10 Crops

During the Agriculture Year (AY) 2010-11, total cropped area of the state was 7882 (P) thousand hectares, out of which 7311.49 (92.76%) thousand hectare area was under 17 major crops in all districts of the state. With coverage of 10 major crops in each of district 17 crops are covered at state level. These 17 crops are as under:-

Table 2.1: Crop wise cultivated area and percentage of cultivated area to total cropped are during AY 2010-11.

SN	Crop	Cultivated area during AY 2010-11 (in''000'' hectare)	Percentage to total cropped area*
1	Wheat	3510	44.53
2	Paddy	2831	35.92
3	Cotton	483	6.13
4	Maize	133	1.69
5	Total Oil Seeds	110.283	1.40
6	Potatoes	83.573	1.06
7	Sugarcane	70	0.89
8	Total Pulses	21.3	0.27
9	Peas	19.664	0.25
10	Barley	12	0.15
11	Cauliflower	8.649	0.11
12	Onion	8.221	0.10
13	Tomatoes	6.264	0.08
14	Cabbage	4.376	0.06
15	Garlic	3.735	0.05
16	Brinjal	3.425	0.04
17	Bajra	3	0.04
	Total	7311.49	92.76
* Total cropped area of the State was 7882 thousand hectare during 2010-11(provisional).			

Among these 17 crops, wheat and paddy were main crops which occupied 80.45% of the total cropped area of the state. District-wise ranks among 10 major crops of these 17 crops during the AY 2010-11 are given in table 2.4 and district/rank-wise 10 major crops and area covered under these crops during AY 2010-11 is given in table 2.5. Crop wise brief is given below:-

- (i) **Wheat** was the main crop of the state which was sown in the largest area (3510 thousand hectare) during the reference period. It was the 1st major crop in all districts except two districts namely Kapurthala and Fatehgarh Sahib where it ranked 2nd.
- (ii) **Paddy** had 2nd rank in state as per area covered (2831 thousand hectare) under it. It occupied 2nd place in 16 districts while it had 1st rank in 2 districts i.e. Kapurthala and Fatehgarh Sahib. It ranked 3rd in 2 districts namely Bathinda and Mansa.
- (iii) **Cotton** was 3rd major crop in the state which occupied 483 thousand hectare area during AY 2010-11. But this crop was sown mainly in 8 districts namely Sangrur, Barnala, Moga, Fridkot, Muktsar, Bathinda, Mansa and Firozpur where it ranked 2nd to 4th. In 3 other districts namely Taran Tarn, Ludhiana and Patiala, it had 6th, 9th and 10th rank respectively. In other 9 districts it did not fall in major 10 crops.
- (iv) **Maize** was the 4th major crop in state during the AY 2010-11 which was cultivated on 133 thousand hectare area. But it also did not fall in 10 major crops in 9 districts. It occupied 3rd rank in 4 districts, 4th rank in one district, 5th and 6th rank in 2-2 districts and 7th and 9th rank in one-one district.
- (v) **Oil Seeds** was the 5th major crop in the state during AY 2010-11 which occupied 1,10,283 hectare area. Oil Seeds had the 3rd to 5th rank in all districts.
- (vi) **Potatoes** ranked 6th in the state which was sown in 83,573 hectare area during AY 2010-11. It occupied 3rd to 6th place in 13 districts whereas it had 7th, 8th and 9th place in 2, 3, and 1 district respectively. In one district it did not fall in 10 major crops.

- (vii) **Sugarcane** had the 7th rank in the state as per area (70,000 hectare) covered under it during AY 2010-11. But it did not fall under 10 major crops in 6 districts. It ranked 3rd to 6th in 12 districts whereas it occupied 7th and 8th place in one-one districts.
- (viii) **Pulses** ranked 8th in the state during the AY 2010-11 covering 21,300 hectare area. It did not fall in 10 major crops in 4 districts while it had 4th to 7th rank in 13 districts. It occupied 8th, 9th and 10th rank in one-one district.
- (ix) **Peas** were the 9th major crop in the state during AY 2010-11 which was sown in 19,664 hectare area. In 8 districts it did not fall in 10 major crops while it had 3rd rank in one district and 7th to 10th rank in 11 districts.
- (x) **Barley** was the 10th major crop in the state which was sown on 12000 hectare area during the AY 2010-11. But this crop did not accounted among 10 major crops in 12 districts. It ranked 5th to 8th in 8 districts.

District wise percentage area under 10 major crops

District-wise percentage of total cultivated area under 10 major crops to total cropped area of the District is given in table 2.6. This percentage varied between 82.06% to 98.21%.

2. Value-wise Major 10 Crops

During the Agriculture Year (AY) 2010-11, total value of the state was 442521364, out of which 437085979 (98.77%) value was under 17 crops in all districts of the state. These 17 crops are as under:-

Table 2.2: Crop wise value and percentage of value to total value are during AY 2010-11

SN	Crop	Value during AY 2010-11 (in "000" tonnes)	Percentage to total value*
1	Wheat	192098035	43.41
2	Paddy	167416987	37.83
3	Cotton	35060761	7.92
4	Potatoes	10143465	2.29
5	Sugarcane	9119272	2.06
6	Maize	5138040	1.16
7	Peas	4741474	1.07
8	Total Oil seeds	3124085	0.71
9	Onion	2405337	0.54
10	Tomatoes	2029915	0.46
11	Garlic	1998946	0.45
12	Cauliflower	1749713	0.40
13	Total Pulses	629708	0.14
14	Brinjal	488830	0.11
15	Cabbage	466506	0.11
16	Barley	441080	0.10
17	Bajra	33825	0.01
	Total	437085979	98.77
* Total value of the State was 442521364 (in "000") during 2010-11(provisional).			

Among these 17 crops, wheat and paddy were main crops which has highest (81.24%) value in the state. District-wise ranks among 10 major crops are given in table

2.7 and district/rank-wise 10 major crops and value under these crops during AY 2010-11 is given in table 2.8. Crop wise brief is given below:-

- I. **Wheat** was the main crop of the state which occupied the largest value (192098035 in “000”) during the reference period. It was the 1st major crop in all districts except eight districts where it ranked 2nd.
- II. **Paddy** had 2nd rank in state as per value (167416987 in “000”) under it. It occupied 2nd place in ten districts while it had 1st rank in eight districts. It ranked 3rd in 2 districts namely Bathinda and Mansa.
- III. **Cotton** was 3rd major crop in the state whose value was 35060761 (in “000”) during AY 2010-11. But this crop was sown mainly in 8 districts namely Sangrur, Barnala, Moga, Fridkot, Muktsar, Bathinda, Mansa and Firozpur where it ranked 2nd to 4th. In two other districts namely Taran Tarn and Ludhiana, it had 7th and 9th ranks respectively. In other ten districts, it did not fall in major 10 crops.
- IV. **Potatoes** ranked 4th in the state which occupied value 10143465 (in “000”) during AY 2010-11. It occupied 3rd to 8th place in nine districts whereas it had 6th, 7th and 8th place in two, three, and one districts respectively. In one district, it did not fall in 10 major crops.
- V. **Sugarcane** had the 5th rank in the state as per value was 9119272 (in “000”) covered under it during AY 2010-11. But it did not fall under 10 major crops in thirteen districts. It ranked 3rd to 5th in six districts whereas it occupied 4th place in one district.

- VI. **Maize** was the 6th major crop in state during the AY 2010-11 whose value is 5138040 (in “000”). But it also did not fall in 10 major crops in twelve districts. It occupied 3rd rank in two districts, 4th rank in three districts, 8th and 6th rank in one-one districts and 7th and 9th rank in one-one district.
- VII. **Peas** were the 7th major crop in the state during AY 2010-11 whose value was 4741474 (in “000”). In five districts, it did not fall in 10 major crops while it had 3rd rank in two districts and 7th to 10th rank in eleven districts.
- VIII. **Oil Seeds** was the 8th major crop in the state during AY 2010-11 whose value was 3124085 (in “000”). Oil Seeds had the 4th to 10th rank in all districts.
- IX. **Onion** had the 9th place in the state which occupied 2405337 value (in “000”) during AY 2010-11. It accounted among 10 major crops in fifteen districts where its rank varied from 6th to 10th.
- X. **Tomatoes** were the 10th crop in the state whose value was 2029915 (in “000”) during the reference period. It was among 10 major crops in fourteen districts where its rank was 7th to 10th.

District wise value under 10 major crops

District-wise percentage of total value under 10 major crops to total value of crops of the District is given in table 2.9. This percentage varied between 95.34% to 99.74%.

3. Production-wise Major 10 Crops

During the Agriculture Year (AY) 2010-11, total production of the state was 42084.95, out of which 41431.7 (98.45%) thousand tonnes was under 17 crops in all districts of the state. These 17 major crops are as under:-

Table 2.3: Crop wise production and percentage of cultivated production to total cropped are during AY 2010-11.

SN	Crop	Production during AY 2010-11 (in''000'' tonnes)	Percentage to total production*
1	Wheat	16472	39.14
2	Paddy	16255.5	38.63
3	Sugarcane	4170	9.91
4	Potatoes	2088.36	4.96
5	Cotton	928.92	2.21
6	Maize	491.00	1.17
7	Peas	200.562	0.48
8	Onion	182.273	0.43
9	Cauliflower	154.655	0.37
10	Tomatoes	154.458	0.37
11	Cabbage	76.752	0.18
12	Total Oil Seeds	72.500	0.17
13	Brinjal	68.848	0.16
14	Barley	44.00	0.10
15	Garlic	41.31	0.10
16	Total Pulses	15.30	0.04
17	Bajra	15.30	0.04
	Total	41431.7	98.45

Among these 17 crops, wheat and paddy were main crops which was highest (77.77%) production in the state. District-wise ranks among 10 major crops are given in table 2.10 and district/rank-wise 10 major crops and production under these crops during AY 2010-11 is given in table 2.11. Crop wise brief is given below:-

- i. **Wheat** was the main crop of the state which produces the largest production (16472 thousand tonnes) during the reference period. It was the 1st major crop in all districts except two districts namely Kapurthala and Fatehgarh Sahib where it ranked 2nd.
- ii. **Paddy** had 2nd rank in state as per production (16255.5 thousand tonnes) under it. It occupied 2nd place in 10 districts while it had 1st rank in 9 districts. It ranked 2nd in 10 districts.
- iii. **Sugarcane** had the 3rd rank in the state as per production 4170 tonnes produced during AY 2010-11. But it did not fall under 10 major crops in nine districts. It ranked 3rd to 4th in eleven districts
- iv. **Potatoes** ranked 4th in the state which produced 2088.36 tonnes during AY 2010-11. It occupied 3rd to 7th place in all 13 districts whereas it had 7th place in one district. In one district it did not fall in 10 major crops.
- v. **Cotton** was 5th major crop in the state which produced 928.92 thousand tonnes during AY 2010-11. But this crop was sown mainly in 8 districts namely Sangrur, Barnala, Moga, Fridkot, Muktsar, Bathinda, Mansa and Firozpur where it ranked 2nd to 4th. In Taran Tarn, it had 8th rank. In other 11 districts, it did not fall in major 10 crops.

- vi. **Maize** was the 6th major crop in state during the AY 2010-11 which produced 491.00 tonnes. But it also did not fall in 10 major crops in 10 districts. It occupied 4th rank in three districts, 5th and 6th rank in three and two districts and 8th and 10th rank in one-one district.
- vii. **Peas** were the 7th major crop in the state during AY 2010-11 which produced 200.562 tonnes. In 7 districts, it did not fall in 10 major crops while it had 7th and 8th rank in three districts and 5th to 10th rank in twelve districts.
- viii. **Onion** had the 8th place in the state which produced 182.273 tonnes during AY 2010-11. It accounted among 10 major crops in 17 districts where its rank varied from 4th to 10th.
- ix. **Cauliflower** had 9th rank in the State which produced 154.65 tonnes during the AY 2010-11. It was in 10 major crops in 15 districts where it ranked 5th to 10th.
- x. **Tomatoes** were the 10th crop in the state which produced 154.458 tonnes during the reference period. It was among 10 major crops only in 15 districts where its rank was 4th to 10th.

District wise percentage production under 10 major crops

District-wise percentage of total production under 10 major crops to total production of the crops of the District is given in table 2.12. This percentage varied between 95.22% to 99.68%.

Table: 2.4 District wise rank of Major 10 crops as per area covered during crop year 2010-11
